Hi Solanch,

I spoke to Stephanie Larson at NHDES this morning and she advised I let you know as well. We have missed our 4 quarter 007 Quarterly Backwash samples. Stephanie advised to fill out the DMR by the 15<sup>th</sup> with NODI code E and perform the sampling as soon as possible. I have ordered the bottles and we will perform as soon as the lab drops them off. After I have the results I will re-submit the DMR.

Please let me know if there is anything else I need to do. We will take corrective actions here to ensure it is not missed again.

Thank you,

***Sabre Strout***
